13.5 million  
tourists  
every year

---

**CLIENT**

Patong is one of Asia's party capitals whose nightlife and stunning beach are renowned all over the world. It is packed with hotels, world-class restaurants, nightclubs, and a plethora of tourist attractions. Naturally, this is a magnet for party people, who flock to the city to enjoy an amazing choice of entertainment complexes and infinite bars in and around Bangla Road and the beach road. The beach has been popular with tourists from Europe and other parts of the west since the eighties. It offers a broad choice of hotel accommodation and is a popular holiday resort.

The destination receives more than 13.5 million holidaymakers every year, 3.5 million of which are from other parts of the country. Over the years, security has been ramped up to protect the visitors who choose to holiday here.

Safety and security are at the top of the list when it comes to managing a city

---

### CUSTOMER NEEDS

“Patong, the Attractive and Sustainable city to travel and live” proclaims this city’s slogan. Safety and security are at the top of the list when it comes to managing a city that welcomes millions of fun-seekers every year. That’s why Patong City Council opted for the Davantis solution to protect people on the beaches, at sea, in swimming areas and on the streets. The system has also been installed to protect Patong City Hall.

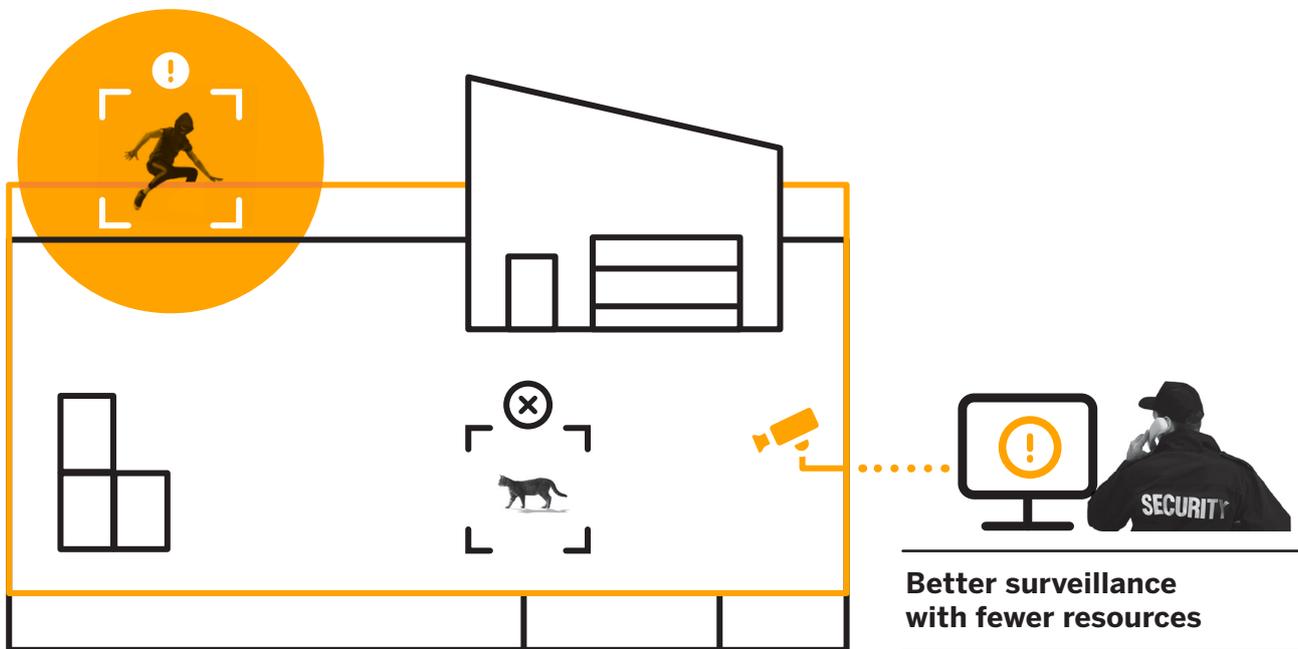

### SOLUTION

Patong City Council chose DAVANTIS to provide the video analytics to protect its tourists and infrastructures. The system works seamlessly with the Teleste video management platform to ensure perimeter security

- Detect and alert when vessels approach or enter swimming areas.
- Detect and alert intrusions into restricted access areas.
- Future system scalability and flexibility are guaranteed.
- An effective prevention and detection tool.
- Immediate alert management and rapid response.
- Protect Patong City Hall from intruders.

### TECHNOLOGY

This current phase consists of 18 cameras equipped with DAVANTIS video analytics systems, all integrated in the with Teleste video management system. This provides 24-hour surveillance for Patong City Hall, which will be extended citywide within the near future.

**Better surveillance  
with fewer resources**

### Click 1

**Snapshot**  
with a box highlighting the  
cause of the alarm.

### Click 2

**Video**  
of the alarm at the  
activation point.

### Click 3

**Live access**  
to the camera for  
immediate verification.

Once the  
alarm has  
been verified,  
the system  
activates  
dissuasive  
devices

#### **BENEFITS FOR INSTALLERS**

- DAVANTIS provided the on-site technical consultant for the site survey, system design, installation and fine tuning to ensure correct functioning of the system.
- DAVANTIS also provided a system administrator training course. The course included system settings, networks, channels and maintenance.

#### **BENEFITS FOR END USERS**

- Enhanced safety and security conditions for holidaymakers, making Patong an even more attractive and sustainable place to live and visit.
