

Integration DAVANTIS - Avigilon Control Center

Receive DAVANTIS video analytics events in your Avigilon Control Center

DAVANTIS is 100% devoted to video analytics for perimeter protection. More than a decade investigating beyond the obvious, using powerful and state-of-the-art algorithms to boost your cameras.

Avigilon Control Center (ACC) software is an easy-

to-use video management software that is designed to optimize the way security professionals manage and interact with high-definition video. It efficiently captures and stores HD video, while intelligently managing bandwidth and storage using a patented High Definition

Stream Management (HDSM) technology.

Now you can receive reliable DAVANTIS video analytics events in your Avigilon Control Center.
