Receive DAVANTIS video analytics events in your iSIM —

DAVANTIS is 100% devoted to video analytics for perimeter security. Over 15 years investigating beyond the obvious, using powerful and state-of-the-art algorithms to boost your cameras.

Indra has more than 30 years' experience developing and implementing solutions, and its physical security information platform, iSIM, gives a unique overview of the situation on site at all times, streamlining

integral system control. The result? Platform managers can execute management procedures quickly and with maximum flexibility.

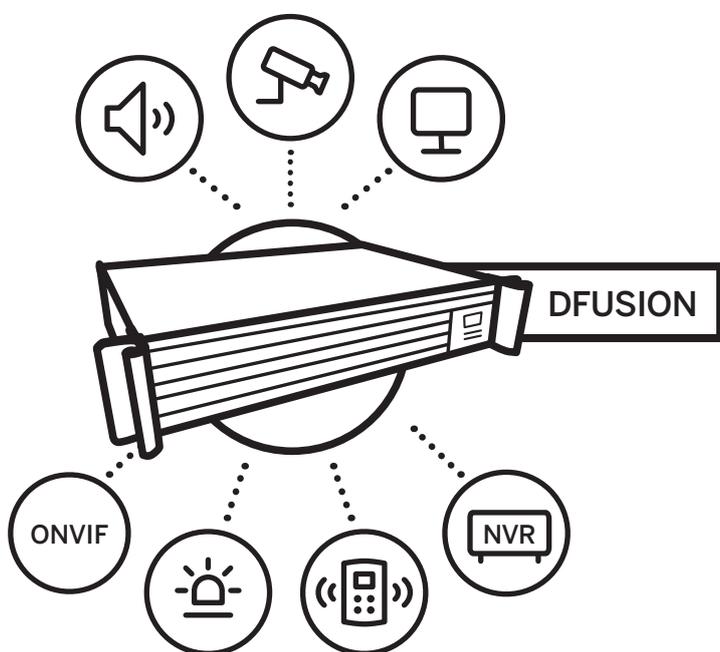

“ The integration of the iSIM platform with the DAVANTIS solution is in line with the change of paradigm toward more complex systems with a high level of integration

Meritxell Bassols Tayeda, Program Manager ”
