Receive DAVANTIS video analytics events in your Hanwha Wisenet WAVE

DAVANTIS is 100% devoted to video analytics for perimeter security. Over 15 years investigating beyond the obvious, using powerful and state-of-the-art algorithms to boost your cameras.

Wisenet WAVE is an IP Video management platform that allows users to create IP video surveillance solutions tailored to any type of project, usable by anyone and on any device. It is simple to setup and use,

yet a reliable VMS designed for you. Wisenet WAVE has been launched to answer the needs of projects in the middle ground with an emphasis on simplified user experience.

“ The integration of DAVANTIS video analytics in the Wisenet Wave platform streamlines the task of monitoring extensive sites, perimeters, and access points for operators. Wisenet Wave’s intuitive system coupled with DAVANTIS’ smart technology minimises false alarms, providing a simple, sturdy, reliable solution for dealing with potential security breaches efficiently.
