Receive DAVANTIS video analytics events in your HikCentral Professional

DAVANTIS is 100% devoted to video analytics for perimeter security. Over 15 years investigating beyond the obvious, using powerful and state-of-the-art algorithms to boost your cameras.

HikCentral Professional, Hikvision's software for integrating security systems, is designed to meet a variety of security challenges in one intuitive platform. From managing individual systems such as video security, access

control, security alarms, and more, to combining multiple systems under a unified architecture. While protecting people and property, it makes daily operations more efficient and helps users of all kinds make smarter decisions.

“ The HikCentral Professional open platform is growing continuously with new partner integrations. This Davantis video analytics integration is the result of a long-standing close collaboration between both companies in recent years, leading to numerous successful projects. This new development makes it possible to interact seamlessly with both platforms to offer our customers better solutions
