Receive DAVANTIS video analytics events in your Octopus PSIM

DAVANTIS is 100% devoted to video analytics for perimeter security. Over 15 years investigating beyond the obvious, using powerful and state-of-the-art algorithms to boost your cameras.

The OCTOPUS PSIM Command & Control Center takes the guesswork out of your security management by unifying your disparate security devices and information systems into one converged platform.

Octopus Systems is using a first of its kind USMS (Unified security management system) which is the next generation PSIM system handling both physical and Cyber related incidents.
